LEARN . GROW . EXCEL

Shri. Thomas T John
Director, SAINTGITS

Dr. Josephkunju Paul C
Principal, SAINTGITS College of Engineering
(Autonomous)

Dr. Roji George
Dean, SAINTGITS Institute of Management

Welcome to Saintgits Institute of Management

Young and vibrant Saintgits Institute of Management has a commitment and that commitment is to contribute to the Indian Economic renaissance by providing our organizations, whether industrial, service or non-profit, with shaped young minds, shaped to endow more. Here we embed in them 'execution' as a core value and make them realize that without excellence in execution, individual, organization or the country can seldom progress and go on to equip them with Knowledge, Skill and Attitude to lead 21st Century organizations. Our philosophy of management training surely will have congruence with your aspirations and needs. Yes, we have the process, facilities and faculty that can meet that need and we have a great opportunity to collaborate.

Vision

Our vision is to be recognized as a leading Indian business school with close links to well known universities in other countries and with our alumni placed in globally competitive organizations.

Mission

Our mission is to nurture our students to become creative, confident and effective managers and business leaders of high integrity.

Values

We believe in transparency, independence of thought, social responsibility and openness to diverse view points.

Credo

Dare to innovate,
Learn to execute.

Founded in 2006, Saintgits Institute of Management has become renowned for its strength as a major research focused, nationally accredited B-School nestled in one of the most vibrant regions of Kerala.

Work Experience

Faculty Qualification

Student Mentoring Program

The faculty mentors play a crucial role in the success of every SIM Student. The mission of the Student Mentoring is to help develop the student's career and well being and to advance the individual's academic and professional goals in the direction most desired by the individual. The faculty fosters an interpersonal and professional relationship with the students they mentor while at the same time helping the students to

- ▶ Develop effective learning strategies
- ▶ Provide personal motivation
- ▶ Maintain academic achievement
- ▶ Offer support in setting academic goals
- ▶ Enhance the overall student experience

the SIM uniqueness

Our management education has a unique goal, i.e, developing employable skills for managing organisational goals. It means nurturing talent that can create, communicate and deliver value to customers without compromising the interests of stake holders. While rigorous management knowledge facilitates the former, excellent communication and life skills facilitate the latter. We fuse these and that's why we are different.

Bloomberg

Bloomberg Terminal

Dr. M Thenmozhi, Director of NISM and Dr. Roji George, Dean Saintgits Institute of Management

Data analytics and financial market are two fast growing areas of Indian Economy. As per the latest CII report, huge potential exists for professionals in both these domains. To keep up with the rising demand and bridge the talent gap, SIM is introducing tailor made industry focussed programmes in the field of Data Analytics, Capital Market and Wealth Management.

Programme On Data Analytics*

The importance of big data analytics leads to intense competition and increased demand for big data professionals. Data Science and Analytics is an evolving field with huge potential. Data Analytics help in analysing the value chain of business and gain insights. The envisaged programmes include Certificate in R Programming for Data Analytics and Diploma & Post Graduate Diploma programmes in Data Analytics.

Saintgits- NISM Joint Program

Saintgits Institute of Management – Centre for Applied Finance with the National Institute of Securities Market is jointly offering multiple certification programmes in Financial Markets domain with the objective of capacity building and producing employable students for various Capital Market intermediaries and supporting organizations. The NISM-SIM joint certification is offered in two areas i.e. in Securities Trading (4 subjects) or Wealth Management (4 subjects) covered over a period of 4 months. The Bloomberg Market Concepts certification, issued by the Bloomberg L.P., USA and having an international validity will also be offered as part of these programmes.

Programme On Wealth Management*

Saintgits Institute of Management through Saintgits Centre for Applied Finance will be offering an 18-month PG Diploma in Wealth Management. We will be joining hands with a leading Financial Services enterprise and a Stock Exchange who have expressed their willingness to partner with us in offering this programme. The presence of these marque industry players along with the integration of Bloomberg Terminals into the curriculum will provide students a hands-on real-life simulation of the professional world.

Bloomberg Finance Lab

Saintgits Institute of Management has established the Centre for Applied Finance (SCAF) with the objective of attracting the best students and to provide a comprehensive platform based on real-time learning experience. The 12 terminal Bloomberg Finance Lab at SCAF offers a platform based learning environment that allows us to bring the real-world experiences into the classroom and provides students with the same platform used by the world's leading banks, corporations and government agencies. These terminals provide real-time and historical data, market-moving news and analytics to help professionals make better information leading business and financial professionals worldwide make better-informed investment decisions. The Bloomberg Lab will greatly enhance the academic skills of our students especially in finance, accounting, marketing, supply chain and management, and in addition to enhancing their professional marketability.

Student Academic Empowerment

A distinctive characteristic of SIM education is the emphasis on student research. At SIM every student is a scholar. We expect students to develop the skills and background they need to undertake ambitious research projects. Opportunities in SIM introduce the students to research so that they have the confidence and expertise to embark on projects guided by committed faculty mentors.

we are **creative...**
in all that we do...

You will be taught and mentored by the best and brightest professors and resource persons, with a focus on team work and camaraderie. You will be evaluated individually against the curriculum standards and not pitted against your classmates. This philosophy fosters a strong atmosphere of collaborative learning based on ethical standards. We train our students to be leaders and expect them to become agents of societal change

Admission Process and Electives offered at SIM

A high CAT/CMAT/KMAT/other approved test score is the basis for entry to SIM. To be eligible, you should have passed any bachelor degree examination from a recognized university with not less than 50% marks in aggregate in all parts of examination. Based on your score in approved tests, you will be invited for an interaction at SIM. You will be given an opportunity to showcase your prowess in group discussion followed by a personal interview. We give due weightage for work experience

- ▶ Fee details can be accessed from our website
- ▶ Electives offered:* Marketing, Finance, Human Resource, Operations, Systems and Business Analytics
- ▶ Intake: 120 Seats (Two Batches)

Note: **Please refer MBA programme regulations for the selection of electives.

Airline Cargo Services
IBS Software

The two year course was brilliantly structured and delivered by expert faculty members. We had rank-holders and Post-Doctoral Fellows teaching us along with professors with sound industrial experience. Hence there was no compromise on the quality of the teaching-learning process. Their concept-oriented approach helped us a lot in getting the basics right, which is the most important in any profession.

Mr. Sam Jose
2006-08 Batch

Senior Business Analyst
EY

The plethora of opportunities SIM offers is really amazing! The cultural diversity you get to be a part of studying with graduates from all over the country, the industrial exposure you get through IV's and talks by industrial experts, frequent formal and informal events that boost the administrative mettle/ businessman in you, the number of industrial giants who choose SIM as their ideal recruitment destination; the list goes on.

Mr. Sachin Jacob
2008-10 Batch
Branch Manager
The Federal Bank Limited

We had the perfect blend of work and fun at Saintgits. Since the department was keen on the holistic development of its students, we had ample opportunities to showcase both our academic and extra-curricular talents. We celebrated every joyful occasion with programmes organised either by the students or the department. This didn't mean any concession on part of the work and studies we had to do, including strict deadlines and late class hours. But none of it took away the fun of our college life.

Ms. Kuleena George
2007-09 Batch
Manager
Thomas Cook India P Limited

Personalised mentoring is a unique practice I came across at Saintgits. Every professor was assigned 20 students each as mentees for the whole term of their course. There were mentoring sessions once in every week and our mentors made sure that every mentee got individual care and attention. This way, they were able to identify our strengths and weaknesses and offer training sessions specific to our requirements. We had the confidence that we could confide in our mentors whenever something went wrong and get their assistance whenever we needed help. They were constant pillars of support and their dedication to the mentees was amazing.

Ms. Smitha Anna Jacob
2007-09 Batch
Senior System Analyst
Allianz

The way the institution moulds its students to become competent businessmen and successful entrepreneurs is incomparable. We had frequent visits and regular interactions with industrial experts. Their success stories were indeed inspiring and all such meetings were great platforms to understand real-life working scenarios and to clarify our doubts regarding the same. I must say that all these helped big time in shaping our career paths.

Spanning the Globe

SIM Training

Industrial visits:

Industrial visit plays an important role in the career of a student who pursues a professional degree. The objective of industrial visit is to provide students an insight on how a company works and to interact with industries. With an aim to go beyond academics, industrial visit provides student a practical perspective on the world of work.

Scholar: Shri. Kochouseph Chittilappilly
Founder, V-Guard Industries Ltd

Walk with the scholar:

This programme is introduced with the aim of bringing the student community and the corporate world closer. This serves as a platform where the students are free to interact with prominent figures in the business world and gain knowledge from them.

Dayabai

Fr. Davis Chiramel

LIFE SIMplified- Talk Series

SIM has high respect for people who have made valuable contributions to the society and we make it a point that our students get an opportunity to interact with such noble minds on a regular basis. With this objective in mind, we had started a Monthly Talk Series titled 'Life – SIMplified' at SIM and the First Talk was made by Ms. Daya Bai, the leading social activist from Kerala. Thereafter SIM Students witnessed the presence of many stalwarts from various arenas of life like Fr. Davis Chiramel, Dr. Scaria Zacharia, Shri Jubily Joy, Mr. Prem Prakash, Mr. Joshy Mathew, Dr. K.M.Venugopal, Shri. Anish Mohan etc...

Sharp focus on intellectual property creation

Dronacharya excelled in coaching only because he thought new and he experimented and created innovative ways in statecraft and war craft. Today, we call this process research and intellectual property creation. This axiom is very true of a business school too and is a precondition to effective training of managers. SIM had embarked upon this from its very inception and has contributed very effectively to this process.

Our design is based on three pillars:

- ▶ Networking effectively between corporate and academia in R&D of management knowledge
- ▶ Continuous Improvement of Faculty.
- ▶ Consultancy and MDP

Corporate Talk:

Developing close and beneficial links with the corporate world is fundamental and advantageous to management education. It strengthens business awareness and participation in the education process and contributes to innovation and high achievement. Corporate talks by professionals from various streams, provide the much needed exposure and knowledge to our students.

Entrepreneurship Development Programs

Entrepreneurship is increasingly recognized as an important driver of economic growth of a country. The aim of Entrepreneurship Development programs at SIM, is to develop and strengthen entrepreneurial qualities in the budding managers who are interested in starting their own ventures. The College provides support to the students having innovative ideas to transform into new products and services for the betterment of the society. The college also encourages students to participate in the Business Plan contests, Entrepreneurial Associations like TiE, CII etc...

SIM WINS NATIONAL ESSAY & PAPER PRESENTATION COMPETITION - AIMA

Southern Regional Winners of National Essay and Presentation Competition conducted by All India Management Association

Seminar on Intellectual Property Rights

Saintgits Institute of Management along with The Patent Information Centre-Kerala, KSCSTE, organized a Seminar on 'Intellectual Property Rights at SIM. It gave a detailed exposure on Patents, IPR Rules and Regulations, Copyrights etc...

AICTE sponsored Faculty Development Programme:

Dr. Bhimaraya Metri, Director, IIM – Nagpur inaugurated the two-week FDP on Delivering Outcome Based Education in Management Education (Objectives, Best Practices and Measurement of Outcome). The FDP was done to create awareness among the faculty fraternity of B-Schools and make them understand the implementation process of outcome-based education. Renowned speakers across India have also shared their insights and imparted hands on training to the faculty participants through this programme.

SIMTHESIS 12.0

The management fest of the students of Saintgits Institute of Management is the forum for management students from different parts of the state of Kerala and outside to come together, share, compete and learn. These meets are the places where networking happens and students get exposed to another environment. Simthesis 2019 provided opportunity for more than 600 students to meet and interact. The events, mostly based on functional areas of management were designed specially to test knowledge and aptitude in the respective area. The institution and students see these events as an opportunity to learn, practice what is learnt in the class room and broaden their thinking. The theme of Simthesis has been: Imagine, Innovate and Implement.
