About Us

Global Institute of Business Studies (GIBS) is where talents are nurtured, ambitions cherished, ideas shared & dreams fulfilled. An institute of international educational standards we have been recognized as one of the top business schools in India. The institute was set up under the aegis of Goyal Education Trust and is an ISO 9001:2008 Certified Institution. The institute is affiliated to Bangalore University, approved by AICTE and recognized by the University Grants Commission (UGC).

We have been recognized as one of the top business schools in India. We have achieved this status of distinction by pioneering refined quality of learning, moral upkeep and intellectual support across the all-encompassing span of advanced education in India.

As envisioned by our founders, we strive to transform our students into leaders of the future by providing innovative and globally accepted programs in a congenial atmosphere. We create leaders imbued with a spirit of innovation and entrepreneurship. Our programs, hand in hand with our world-class infrastructure, are the perfect platform for a massive transformation in a student's life in terms of leadership, excellent communication skills, latest additional skills and overall personality development.

Future Plans

As we look ahead to the future, we will continue to support performance learning, cutting-edge research & expanding student education and services to transform them into high-quality business professionals. Placing our students in high-quality internships and full-time careers will constantly remain our priority. The future will also witness us building a prominent reputation in academic and business communities with success at an even higher level in business education.

Encouraged by the response from the industry and student community, we are all set to expand into other parts of the country, start global exchange programs for students and faculty, forge strategic alliances with international academic institutes, and earn international accreditations in the near future.

Mission & Vision

GIBS Difference

GIBS stands out from traditional business schools offering PGDM & BBA programmes because of its differences. Our PGDM & BBA programmes are designed in a way to encourage students to understand how the business world works and prepare them to face challenges.

At GIBS, we teach leaders to be pioneers of the modern frontier. Think critically. Challenge assumptions. Change the rules of competition.

Along with being the pioneers of quality business education, we have an everlasting array of social, cultural, and athletic events and facilities. This includes a stunning park-like setting with rolling hills, trees, and beautifully constructed architecture buildings. Owing to our well-designed infrastructure, students can listen to music, dance to the rhythm, and even attend a lecture from a world business leader. Become a part of our family and experience one of the most inspiring destinations for business innovation.

At GIBS, we are driven towards innovation. Our programs—each one taught by our world-renowned GIBS faculty—apply a research-based approach unique to GIBS education. By enrolling for our academic programmes, students can collaborate with like-minded individuals from across the globe and evaluate the practical issues faced by modern business and today's leaders.

International Faculty

Our international faculty play a huge role in providing value education to our students and bring with them a culturally varied experience. They also act as Subject Matter Experts (SMEs) and provide various value-added programmes to our students. As Subject Matter Experts (SMEs) their expertise is highly accessed when designing our curriculum and learning programs. We provide 7 SMEs per specialization.

Teaching Methodology

At GIBS, we have designed an industry-oriented curriculum to ensure our students are industry-ready. We have consulted various academia and industry experts to develop our curriculum.

The teaching pedagogy is designed to help students understand and experience real-time business problems and to find creative and feasible solutions. Our students have access to various tools that they can use when looking for a solution to business problems.

We always strive to prepare and equip our students for a better tomorrow through experiential learning by conducting the following activities:

- Case Study Method
- Presentations
- Academic and Placement Projects
- Live Industrial Projects
- Business Plan Project
- In Basket Exercise and Role Play
- Practical & Global Exposure
- Value-Added Programs
- Outbound Training Programs
- Business Quiz/Exercises
- Movies/Videos/Video Clips
- Industrial Visits
- Group Discussions
- Research Papers/Article Critical Review
- Grooming and Communication (C2C)

Subject Matter Expert Sessions

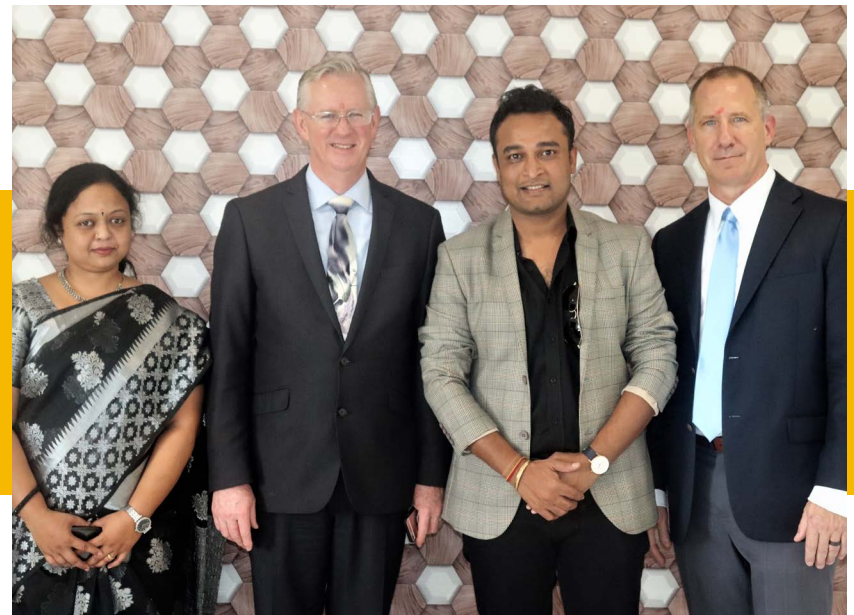

At GIBS, we aim at providing industry-relevant knowledge to students by conducting Subject Matter Expert Sessions (SMEs) From the Top B Schools like IIM/ IITs/ ISB Etc. These SMEs are experts from a particular domain with usually about 20+ years of experience in the industry. Students gain extensive knowledge from these sessions that help them ace in their careers.

Benefits of subject matter sessions-

- Gain the right knowledge in the field of interest
- Will help students to identify and improve their strengths and weaknesses
- Understand market trends to hone necessary skills

Global Exposure

In today's business world, an organization has branches across the globe. Therefore, young professionals must gain an international perspective and international exposure during their business management course. At GIBS, our students have the opportunity to gain international exposure through global tours, assignments, tie-ups with foreign industries and faculties.

2. Students will be exposed to current start-up trends and methodologies, and will be equipped with basic skills to start off their entrepreneurial journey.
3. At the end of the programme, students will deliver a competitive pitch, centered around a start-up idea that their teams have developed throughout the programme.

YAKULT FACTORY VISIT

Understanding how Yakult manages to cap 30 Billion shirota strain in each bottle? Yakult is a high quality probiotics in the form of a cultured milk drink from Japan. Yakult contains the probiotics bacteria "Lactobacillus casei Shirota strain" (popularly known as the "Shirota strain"). The students also went through the entire production process.

Placement Department

At GIBS, we believe that **“Opportunities are never given, they are taken.”** With this philosophy in mind, our Placement Cell strives to actively grab every opportunity available rather than passively waiting for it to come around.

Our Placement Cell focuses on filling the gap between the skills our students possess and the skills the industry demands. Thus, ensuring that our students are ready to start a successful career in their dream organization.

We ensure that there is a perfect balance between practical and theoretical training because they are two sides of the same management coin.

Roles & Responsibilities of the Placement Cell:

- Active involvement in internal and external corporate events.
- Organizing career planning, guidance & soft skills training.
- Organizing student-level workshops/meets with significant corporates.
- Guest lectures and panel discussions by corporates.
- Alumni reach-outs for student interactions.
- Enable companies to present their pre-placement discussions and conduct tests.
- Updates the management regularly regarding the progress in training & placements.
- Responsible for organizing job fairs, exhibitions, on-campus & off-campus drives which would in-turn help students in their placements & summer internships.
- Communication, networking and relationship building with potential recruiters.

Placement Process

Step 1: Analysis of the core competencies amongst students

Step 2: Conducting Training & Development sessions to overcome barriers

Step 3: Group discussion preparation, aptitude exam training & series of mock interviews to ensure all our students are thoroughly prepared

Step 4: Assistance in preparation of customized resumes/ CV for the students

Step 5: The Placement Cell identifies the potential recruiters, interacts with the companies and shares student profiles and other relevant details with them.

Step 6: Pre- Placement talks by the Companies - The companies conduct Pre-Placements talks to give in-depth information about them, including the roles and profiles being offered. After the PPT, students submit their resumes to offered job profiles according to their interests within the deadline set by the companies.

Step 7: Selection Process - Companies conduct their selection process, which typically comprises the shortlisted CVs, Group Discussions, and Interviews.

Step 8: After going through the resumes and conducting interviews, companies provide suitable students with the offer letter

Our Recruiters

GIBS takes pride in its excellent track record for placements ever since its establishment. Some of the best brands have found GIBS' students to be 'Industry ready' and some of the companies are regular for campus recruitment.

Internship

Each student has to take up internship projects for a minimum period of 12 weeks after the completion of 3rd trimester. The summer internship is a perfect opportunity for students to gain industry-relevant knowledge through practical application of theoretical concepts learnt in the classroom.

Internships are an excellent opportunity for students to earn stipends and receive

pre-placement offers immediately after the completion of their internships. With over 70+ companies visiting the campus every year to provide internship opportunities to students, GIBS facilitates pragmatic learning to prepare students for the highly competitive corporate world.

Corporate Testimonials

“

GIBS prepare its students for the corporate culture and instil in them the highest degree of professionalism. I found that GIBS students view important many of the same values we do, in particular, commitment to complying with ethical standards, community service, and service excellence. We are a proud employer of the intellectual and diverse population of GIBS.

- Poonam Srivastava, ICICI Bank

“

The thing that sets GIBS students apart from their peers is that they are a very polished group of students as they either into the career fairs. They present themselves very well and they are able to utilize their professional experience to cater themselves to what employers are looking for.

- Praveen Malviya, L&T

“

The area that GIBS students are most prepared for when entering the workforce is being real-world ready. They are able to adapt to a work environment, or not really being on a college campus anymore, and they have a realistic expectation of how to behave and how to conduct themselves.

- Aishwarya Anand, Hello Parent

“

GIBS Business School is renowned for the Best Teaching & Unique Learning Methodology; Students can get the stupendous platform & opportunity to grow themselves with start – ups & to the position of Job Providers by using their extensive knowledge & skills.

- Aman Alok, Clock Work Pod

“

I think what sets GIBS students apart from their peers is the experiences that they have very strong teamwork skills. Being in the retail field, I think they have had some amazing internships that are beneficial in our company.

- Arjun Chakraborti, TRAK India

“

GIBS is an esteemed institution where “theory meets practical”. In this fast changing and dynamic business environment, what makes an organization more competitive is that your people have an edge over your competitor. GIBS is that you have talents who are practical and close to business in terms of implementing their learning. The syllabus, including the practical exposure, helps students to be “self starters” and to become part of your value chain from the Day One.

- Vikrant Hiremath, Capgemini

Campus to Corporate Program

Today, many organizations find young professionals unemployable because they lack the necessary skills. Therefore, one of the biggest challenges that B-schools face comes during the placement season.

Thanks to GIBS, The only place in India where Education is not Business. Talent is nurtured by the Great Professors, who had devoted their lives to Corporate and now in a Self-actualization mode to help Young India. My experience with GIBS was extremely wonderful, especially in the HR and marketing area. Practical examples and cases, which were discussed in the class, are helping me a lot to prepare myself to the corporate.

GIBS has taught me one fundamental thing - Life is unpredictable. It might be good, it might be bad, it might be weird, and it might not interest you, but expect anything to happen. For example, you might have a wonderful job this moment, and be fired the very next moment. GIBS College life prepares you for all of this. It is a perfect blend of joy and hardships. You meet different people, you interact with them, and you learn about their cultures and grow as a person. You will understand how to talk to different people, how to judge their behaviour, thus helping you with important life skills.

Another life lesson you will remember that learning never ends. You find clubs and student committees where you can explore your co-curricular skills along with many other students like you. You share common interests, and thus you share common ideas. Trust me, once you get into GIBS, you will get an opportunity to explore yourself.

The opportunities and experience I have got at my college have been unparalleled. It has excellent infrastructure facilities, library and systematic process which helps one grow both professionally and personally. I had a great time at Global Institute of Business Studies. I highly respect all the professors in the college because they are very knowledgeable and treated me like their family. At every step I have been fortunate to interact with some very different and motivated set of minds be it my own batch mates, professors, other guests and professionals. I have gained knowledge and confidence which has brought a new dimension into my life to achieve a successful career. More importantly the preparation and individual attention given by the college is ideal for industry readiness. I love to upgrade myself with every activities conducted here

“

GIBS is a place of learning, fun, culture, lore, literature and many such life preaching activities. Studying at the GIBS brought an added value to my life. It gave me an opportunity to meet different kind of people and learn a number of things. I have received a great support from faculties & placement office. I am thankful to Training & Placement cell for providing a platform to enhance my skills and an opportunity to showcase.

GIBS as an institute have not only provided me with quality management education, but with fun ways of learning new things and implementing it in real scenarios. The conducive learning environment at GIBS Business School provides students with exploring their talents and skills, so that they can be competitive after 2 years of MBA completion. The faculties here have always been very supportive in everything and the placements here are really competitive.

“

During my stay of two years in GIBS, I came across various people of different states and culture. I had received a lot of opportunities to groom myself, thanks to my ever inspiring mentors who helped me to discover the talented part of myself. No wonder the college is new and is still striving to achieve excellence, but in the due time it has definitely set some benchmarks in the academia and is relentlessly trying to achieve the heights in rendering the world class education. Thanking you GIBS for making me successful person.

Industrial Visits

Each student has to take up internship projects for a minimum period of 8-10 weeks after the completion of 2nd semester. The summer internship is a perfect opportunity for students to gain industry-relevant knowledge through practical application of theoretical concepts learnt in the classroom.

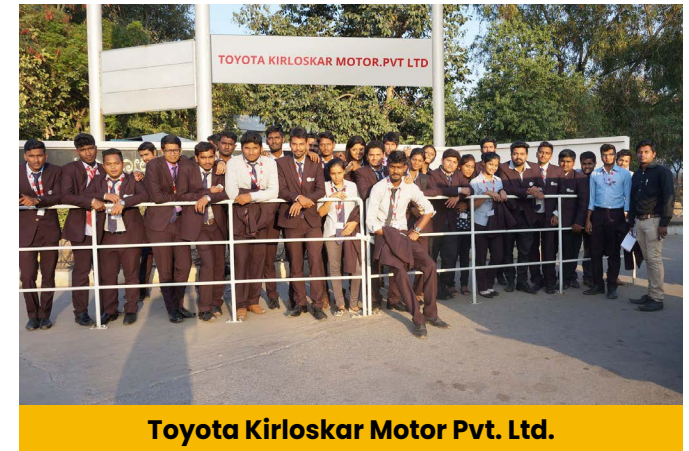

Internships are an excellent opportunity for students to earn stipends and receive pre-placement offers immediately after the completion of their internships. With over 70+ companies visiting the campus every year to provide internship opportunities to students, GIBS facilitates pragmatic learning to prepare students for the highly competitive corporate world.

Student Testimonials

“

I took admission in GIBS after a lot of research. GIBS have wonderful facilities as well as a positive campus environment. The college provides consistent assistance regarding the academics as well as placements. Also, it has made the best efforts to provide all the facilities for students like cultural events, sports etc. I'm looking forward to the corporate world interaction it has on offer in the near future. I can proudly say that I ended up making the right decision

“

GIBS B school is a journey in which there is full of “fun learning” in such a comfort zone. This I can say with utmost surety, because the way all the faculty members have helped us to grow as a better colleague in future is just mesmerizing. The day I entered in this Institution, I was blessed with the peaceful and friendly Atmosphere with excellence of view in this campus. The infrastructure here is well built that it didn't take time for students to be habitual. Here we got an opportunity to get familiar with the different people having amazing culture. The best part of this academy is that everybody as student and family is so supportive that every individual is always motivated, which strive them further too voluntarily participate on all sorts of learning. This college is definitely not similar to other colleges because they had orientation for 1 long month. This orientation has helped all the students to experience the corporate world with the reality before entering it. It helped us to decide what specialization we should opt with our respective attributes and they also took us for an individual visit as which helped us to experience corporate practically. They do not only focus on studies but also enhances ones talents/interest by introducing to an event known as 'SAVISKARA'. It also helped few students to get out of their comfort zone and perform well. As we all know “ACTION SPEAKS LOUDER THAN WORDS” this phrase is surely opted by this institution because they had numerous Activities which helped ones to build confidence, moral and willingness to learn more. At last but not the least, I would like to congratulate each and every student for taking the right decision for their own bright future.

Thank you and have amazing experience as I had one.

- **Shah Rishita** (Batch 2018 – 20)

“

GIBS, Bangalore is a beautiful institution nestled in the picturesque and serene nature. The institution's location is away from the crowded hustle and bustle of the urban environment make this institution a truly unique place and well suited for its purpose; the growth and development of the students in a secure and safe environment. The institution has a modern campus with all the facilities of an international education institution. Hostels are designed to give a growing crowd enough privacy and yet have the companionship of their friends, largely friendly classrooms, ample of playing fields and just enough luxury to make it an ideal environment to give modern young students enough reason to study hard and excel in their fields. Faculty is just so amazing i.e it never let any student feel low or less motivated. All the teachers are just like our parents who have always pushed each student to grow and move forward with the best knowledge. An institution is made up by the students and this academy has ample of students with so many different cultures and backgrounds, which also helps the student to learn better and in a fun way.

In the start, all the students had to attend the orientation which was not just for one, two or three days; it was altogether for a long one month. It was more like short films on corporate sector. Each day we were fortunate enough to have an interaction with the reputed leader from the corporate sector itself. Their experiences and learning have helped each young mind to follow their passion dedicatedly.

After the orientation month we were asked to visit to Akshaya patra. This is an amazing organization, which is helping young minds to nurture themselves with all the nutritious foods. This visit has touched my heart because the senses of serving others have just made me meet with the internal peace.

GIBS, has also given the platform to the students to enhance their X-factor as like dancing, acting, singing, creativity, etc. they have an event known as Saviskara which allows each docent to showcase their talent.

Lastly but not the least, I believe that each docent has made the right decision to be in this institution and getting ready to conquer the success.

- **Palak Dalmia** (Batch 2019 – 21)

“

Describing my journey at GIBS can be summarised in just one word which is 'evolve'. Yes, evolving to meet the demands of the corporate world, evolving from an immature college graduate to a mature to-be hired applicant. The journey till date has been phenomenal with teachers being the biggest support system and in no measuring unit can I state how privileged I am to be a part of this institution and being under the guidance of such intellectualities. The journey has just started and there is still long way to go before I sleep but considering how it has been until now, undoubtedly so much more is yet to come and I am definitely looking forward to it.

“

GIBS (Global Institute Of business Studies) is an amazing college where the students get enormous knowledge and skills to learn and experience in their practical life's. It has a world class campus designed in the laps of nature with best faculty and personalized attention to enhance each and every student to their full Potential. As a student of this glorious college I feel proud on myself for opting this institution over all other colleges, which is welcoming me to the life of a future manager with wide open arms and happiness. My mentor and all the faculty has helped me a lot to brush up my personality and grab all the opportunities of the upcoming future ...

- **Stuti** (Batch 2018 – 20)

“

When I received the admission letter from GIBS, I was really at cloud 9. GIBS offers a blend of learning and delight to its students. The faculty members here are very supportive and kind to us. Studying in GIBS feels like I'm studying in a small India, as they have students from all parts of the country. The infrastructure of the college is excellent as it is nature filled. I'm really having beautiful memories at GIBS and I will always cherish them. Thank you GIBS for providing me such a wonderful opportunity.”

- **Akhil G Nair** (Batch 2019 – 21)

“

Taking admission in GIBS is like paying for an exclusive stay on a world class resort. Surrounded with greenery and campus with great infrastructure, it feels no less than studying in an International College. The campus simply feels awesome! Friendly faculty members and programmes like “Campus2Corporate” and “Subject matter expertise” help us to relate our subjects to the corporate world outside. It's a great place to study with an amazing campus crowd.”

- **Reshab Tanty** (Batch 2018 – 20)

“

The GIBS business school, according to what it stands for pushes the students to attain the global standard which help us to go a step further and relive our dream. The faculty encourage the students to take initiative and support us in making our own decisions. The environment supports the development of leadership quality and required values through management wide variety of games team based activities. I, Madhav Mahadev is excited about my journey with GIBS and looking forward to what the course leads me to.

The college not only focuses on the academic or job related aspect, it grooms the students to become a 'better you' through initiatives like personality development activities encouraging to take up the opportunities, celebration of various festivals (secularism). The mentorship program by GIBS is close to my heart as it helps students find solace and keep me inspired and motivated. The mentor is like a second parent and helps us. All we need to do is “ask”!!

- **Madhav Mahadev** (Batch 2019 – 21)

“

The GIBS College is very good, with very good atmosphere. On very first day when I entered the college, the faculties were welcoming and supportive. Hostel facilities in GIBS are good and they prepare variety of food so that every states student can adjust. GIBS College is different from other college as they have 1 month orientation, in which guest speakers from different companies were called. They shared their experiences and also they told us about the expectations of corporate world from a fresher. We also had SAVISKARA in which we got a chance to show our talent, which initially held us to know each other. Coming to GIBS was my good decision as it will help me to grow and develop my knowledge and skills.

Clubs & Committees

Library Committee

The GIBS Library Committee reviews, consults, advises, plans, and receives reports and recommendations on the performance of library services, administrative structure, and allocation of resources. It is responsible for keeping the faculty informed of major publications and for creating opportunities for the students to discuss priorities based on knowledge management. It suggests measures to maintain the sanctity of the library and attend to the reader's grievances. The committee also organizes book weeks, book talks, book reviews, book displays on special occasions. It helps in the digitalization of the library and acquires books from the book banks and distributes the same to the deserving students.

Marketing Club

The Marketing Club initiates and updates the students on the latest marketing trends and the activities of the same by conducting several marketing-related events that promote and inculcate interest among the students. The club members are responsible for the timely management of the events under the club, such as product launches, advertising in different formats, digital marketing, etc.

Entrepreneurship Club

The objective of the club is to encourage the students to know the necessary know-how about any business. The aim is to help them to uphold the innovative ideas of students. The club is very well received by students who already have some family business since they learn and implement necessary positive changes in their businesses. The club helps students understand the age-old question "Are entrepreneurs born or are they made?" To find out, one should be a member of the Entrepreneurship Club.

Mess Committee

The duty of the Mess Committee members is to make sure the canteen services for students and staff are hygienic and healthy. They are responsible for designing the menu for the canteen thrice a day for 7 days a week by keeping in mind the demographic profiles of the students studying in GIBS from across India. Their main objective is to maintain cleanliness in the kitchen and canteen area and resolve any grievances related to the same.

Human Resources Club

The Human Resource Club enlightens students with the field of human resource management and provides learning opportunities through interaction with human resource practitioners. It promotes the exchange of work-related experience of business professionals with the theoretical academic perspectives of students and faculty members through open forums and information exchanges. They also go hand in hand with assisting placements as they develop students with the skills that are needed for attending an interview and preparing them with the kind of scenarios one faces in a company by conducting mock sessions etc.

Finance Club

The Finance Club's main objective is to take initiatives and research about recent financial trends and innovations which are happening in the world of finance. It inculcates the zeal and pulse of the financial world in real-time by creating opportunities for the students and keeps them on their toes to explore more career opportunities.

Cultural, Creativity & Sponsorship Club

The Cultural, Creativity & Sponsorship Club is responsible for all inter as well as intra-collegiate cultural events. One of the most colourful clubs at GIBS, this club solely organizes all the cultural programs of GIBS. The students help in bringing sponsors to the programs. With the main motto of "No matter what, the show must go on.", the club encourages students to showcase their creative side and in their overall development.

Sports & Fitness Committee

"A healthy body will lead to a healthy mind, and with that healthy mind, one can accomplish many things." The Sports & Fitness Committee at GIBS motivates the fellow mates to take part in sports regularly. Working out in the gym or dance studio improves one's general health and wellbeing, and there are plenty of reasons why one should become involved in sports (indoor or outdoor). The committee's main agenda through its various sporting and fitness activities is to encourage students for improved concentration, build team-building skills, increase stamina and flexibility, and have a peaceful mind. The committee conducts various levels of competitions and tournaments to create a healthier environment in the campus.

Library at GIBS

Overview

The GIBS College Library was inaugurated in 2015. Today, it is functioning as a constituent information centre of the college. The library is housed in the most accessible area in the main academic block, with a total carpet area of 300 sq. meters with 100 reading seats. The library is stocked with books, journals, e-journals, open access repositories, magazines, newspapers, and an excellent collection of career guidance publications. The documents are classified according to the Dewey Decimal Classification Scheme and catalogued as per the Anglo American Cataloguing Rules (AACR). The library follows an open access system and provides regular membership to students and teachers.

Research, Innovation & Business Centre

In recent years, governments and businesses around the world have understood the importance of research and innovation as a principal mechanism of encouraging growth, building wealth, promoting well-being, and resolving several of the world's long-standing obstacles. A number of corporate and public resources, along with entrepreneurial energy, are spent in building and scaling new ideas.

At GIBS, we want to ensure that this investment in research and innovation creates a real impact by implementing meaningful education, original research, evidence-based insights, and leadership in innovation. We aim to empower students with the right resources needed to drive innovation and change across the nation with the help of our Research, Innovations & Business Center. Our Research, Innovations & Business Center provides a variety of research and education opportunities that allow our students to examine a broad array of disciplines.

Student Life

Housing

GIBS residential campus is an ideal environment for learning, sharing, and caring amongst students for their growth. Here, our staff members provide students with all the information about our hostel, which includes meals, safety, health and wellness facilities and more. The following pointers explain how our students' lives on the GIBS residential campus will include.

Dining

Using the best ingredients, our professional cooks serve delicious, nutritious, hygienic food in North and South-Indian cuisine in an airy dining space for our students.

Safety

We have trained security guards who keep on patrolling the campus. Students can step out with valid reasons and have to abide by the time limits for them to go out and come back. Furthermore, our entire campus is under CCTV surveillance.

Health & Wellness

To ensure our students are provided with appropriate medical assistance, a doctor is available on call always. In case students need to buy medicines, several pharmacies are located nearby our campus. Also, we have an active first-aid facility.

Secondly, we have a yoga and gym facility on campus to ensure our students stay fit. Here, they can find a wide range of cardiovascular equipment, resistance machines, and free weights, and helpful staff members. Training programs are also available upon request by our qualified instructors.

Next, as we all know, students enjoy sports as they provide entertainment and exercise. Owing to this fact, our academic calendar is filled with sporting events – be it the intra-hostel and inter-hostel events, or the intercollegiate and intra-college tournaments. Plus, we offer indoor (table tennis, carrom board, chess) & outdoor games such as badminton, basketball, football, cricket practice pitch, volleyball, handball.

Diversity

We host students from different religions, different cultures, and different languages under one roof. All of them have the opportunity to unite, teach, and learn many things from each other.

Multicultural

We have a multicultural environment wherein we welcome, celebrate, and recognise the differences between individuals and the diverse communities that make our university different from others.

Student Involvement

We organise co-curricular and extracurricular experiences for students to engage and enhance their collegiate experience. Plus, our Student Involvement cell encourages students and staff to think creatively. Our aim is to encourage everyone to contribute ideas to improve the campus and their experience.

Explore the City

Bangalore is also known as the 'Silicon Valley of India' or 'IT capital of India' as it is the nation's leading information technology (IT), exporter. It is also the "Garden City of India" because of its greenery, broad streets and the presence of many public parks, such as Lal Bagh and Cubbon Park. Owing to the number of temples, water parks, resorts, and restaurants, students have several opportunities to explore this city.

Campus Facilities

GIBS is equipped with infrastructure facilities that match international standards. This includes classrooms, seminar halls, conference halls, 500-member capacity auditorium, well-organised and rich library, dance room, yoga room, gym, indoor & outdoor games, amphitheatre, canteen, hostel and more.

Events

We conduct events throughout the year to help students to improve their skills such as emotional intelligence, communication, collaboration, work ethic, and more. A few of our events include festival celebration, Student of the year, sports day, business meet, management fests, CSR activities, convocation, alumni meet, Eduthon-run for Education and more.

Academic

The main strength of GIBS lies in its core of highly qualified and experienced faculty. Here, we motivate our members to engage in research, corporate training and consulting activities apart from doing regular classroom teaching. Our faculty has an international reputation. Their teaching and research work is regularly assessed and accredited. Along with this, we take initiatives to invite and host well-known international educators.

Career Counselling

We offer career counselling weekly to help students refine their career goals and then design an action plan to realise them. Our career counselling service focuses on understanding every student's professional aspirations and connecting him or her with the most relevant opportunities.

Career guidance desk helps the self-evaluation and promotion of students' skills, information about the syllabus, prospects, and also education inside and outside the university.

CSR Activities

GIBS has come up with a Corporate Social Responsibility activity by initiating GSF (Global Social Foundation), A Societal Mission of Government, Business and Civil Society, which is inspiring people around the world to provide quality education for underprivileged children and youth.

CSR activities conducted by GIBS include:

Mentoring

Today, the word mentor has evolved to mean a trusted friend, savvy advisor, excellent teacher, wise person and more. The GIBS Business School Mentoring Programme is designed to provide current PGDM / BBA students with valuable advice beyond the classroom to help them grow as a professional. All our teachers take ownership of their mentees and take care of their personal and academic well being. Furthermore, we address students' grievances through mentoring. We have a unique mentoring practice followed for both academics and placements to ensure students have a clear idea about the career prospects and how to prepare for the same.

• Academic Mentoring

Each professor is assigned several students as mentees based on their language and hometown. The mentoring meeting takes place often with the entire group or with the individual mentee. The mentor will maintain a separate book to track the progress of every mentee after each meeting. Career counselling, individual concerns, grievances in academics or any personal problems faced by the mentees will be discussed in the mentoring meeting. This helps students to have a proper direction for the overall development and eliminate ambiguity.

• Placement Mentoring

To ensure proper grooming and overall development of the student and to be industry-ready, we have a team of efficient executives working for placements department. Each executive is assigned some students as mentees. The mentor will give continuous feedback to the mentees on their interpersonal skills, communication skills, analytical ability and more through assessments. This mentoring is offered throughout the student's tenure at GIBS.

• Business Mentoring

Every Management Student needs a Business Mentor. We allot top business leaders to our students as a mentor. Students can get the mentoring for life time from their business mentor. Some of the benefits of Business Mentoring include : Networking, Reducing the risk in making business decisions, focusing on energy, making positive progress more quickly, increases productivity, will keep you focused on your goals and many more...

"You know, you do need mentors, but in the end, you really just need to believe in yourself"
