Indian Institute of foreign Trade began its journey 58 years ago in 1963 and has been successfully fulfilling its mission of creating and fostering a learning environment that enables participants to be leaders in international business with sensitivity towards society. With recent changes in the arena of international business, domestic markets have become intertwined with global value chains. In order to develop the domestic markets and carve a niche in the global markets, great deal of knowledge and skill in international trade is required. IIFT consistently meets this challenge by updating its course content and pedagogy to equip its students with the skill-sets required to become effective and capable global managers. IIFT’s endeavour has been widely recognized with various awards over the last few years for its industry relevant course content and sectoral specialization. This can be attributed to the fact that the alumni of IIFT are now leading various national and international organizations across the globe.

In the quest to search for a B-school that will help one grow into the person one aims to become, IIFT is looking for the best candidates for the class of 2022-24. I, therefore, extend a warm invitation to you to become a part of IIFT’s knowledge process to enhance your skills and emerge as global leaders and managers who’d carry forward the legacy of IIFT.
