*Nurturing Values & Excellence*

## **St. Claret College**

BENGALURU

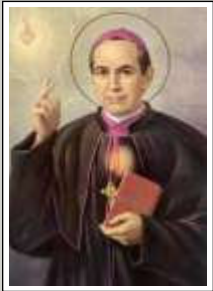

NAAC Accredited | A Claretian Missionary Institution  
Permanently affiliated to Bangalore University | Recognized under sections 2(f) &  
12(B) of the UGC Act 1956

Jesus Christ  
Our Foundation

Blessed Virgin Mary  
Our Inspiration

St. Anthony Mary Claret  
Our Patron

## Vision

To promote educational excellence, leadership and service, based on universal love in an environment characterized by respect for the individual and concern for the community, so as to effect holistic transformation in each student.

## Mission

To form intellectually competent, professionally skilled, spiritually vibrant, morally responsible, socially just and culturally sensitive global citizens through holistic Claretine education to advance a civilization of love and harmony.

## Core Values

- Faith in God
- Justice
- Truthfulness & Personal Integrity
- Respectful Relationality
- Service
- Synergic Co-operation
- Intellectual Competence

## Objectives

- To provide value-based, meaningful and productive higher education.
- To offer conventional, professional and employment-oriented regular courses, supplemented by innovative add-on courses to equip students for effective and fruitful personal and professional lives.
- To provide on-going training, research, and documentation at the service of knowledge and life enhancement, and community and nation building.
- To create scientific temper, research rigor, holistic vision and leadership skills at the service of building up a better society.
- To impart basic values of peace, love, justice, compassion, community-mindedness, and a life of gratitude in the younger generation.

St. Claret College (SCC) was established in 2005 by the international Missionary Congregation of Claretians who manage two universities and over 150 educational institutions in 66 countries around the world. The Bengaluru campus is managed by St. Claret Educational Society which was established in 1989 with the aim of providing holistic and quality education. Apart from St. Claret College, the campus shelters three other educational institutions: St. Claret School, Anthony Claret (AC) School and St. Claret Pre-University College. Moved by the spiritual genius of St. Anthony Mary Claret, its patron, and supported by the robust Christian intellectual tradition, SCC offers integral education to transform students to be enlightened leaders who bring about a civilization of love and harmony. SCC is recognized by UGC, permanently affiliated to Bangalore University and NAAC accredited.

Situated on a serene and picturesque campus in the Garden City, Bengaluru, SCC offers a refreshing atmosphere conducive to serious academic pursuits and professional training. The college provides world class state-of-the-art infrastructure and facilities. SCC is dedicated to the principle that its educational services and faculty should be both supportive and challenging, distinguished by creative and interactive learning experience for each student. In order to make the students employable, various corporate and non-profit organizational personnel are invited to give hands-on experience of the corporate world. In addition to the regular curriculum, special training by professional bodies is provided to equip the students with professional skills such as presentation skills, debating, group discussions, team work and leadership skills which enable them to get suitable jobs in the corporate world.

The college is a meeting ground of diversities, with students from many cultures, faiths and nationalities. Cross-cultural sensitivity and respect for diversity is inculcated in the mind of every Claretine.

The focus on excellence and value-based education makes learning an exciting experience at SCC. Students who graduate from SCC are placed in high positions of the corporate ladder, making a crucial difference in the society.

## Undergraduate Courses

Duration of all Undergraduate Courses :

**Three Years/Six Semesters**

Eligibility for all Undergraduate Courses :

**10+2/Pre-University Course/Equivalent**

### **Bachelor of Commerce [B.Com (Regular)]**

The regular degree in Commerce (B.Com) was launched at SCC in 2005 with the inception of the College. The course aims to nurture commerce professionals with high level of knowledge and competence to effectively contribute to the society with commitment and integrity. This six-semester program provides a strong foundation level understanding of the functioning of business organizations, commercial transactions and of various specialized operations such as accounting, finance, marketing and human resources by offering a comprehensive curriculum. Finance, Accounting, Banking and Insurance are offered in the fifth and the sixth semesters as electives.

### **Bachelor of Commerce [B.Com (Professional with CA)]**

The B.Com Professional course has been designed in collaboration with K2 Learning Institute to provide students with the unique opportunity to pursue their CA/CS qualification in tandem with their B.Com course. K2 Learning is a premier Bengaluru-based institute which is preferred by many CA/CS aspirants due to its consistent and outstanding success rate.

The unique characteristic of this course is that the B.Com curriculum of Bangalore University and the course framework of CA/CS coaching developed by K2 Learning Institute are simultaneously taught by the experienced faculty of SCC and the expert trainers of K2 Learning Institute respectively. Industrial visits are organized each year to enable the students to understand classroom learning in relation to real life business situations. Student seminars, workshops and conferences are also organized as part of the pedagogy. Students are trained in Tally, Excel and Advanced Excel mandatorily, to be equipped with industry requirements. The B.Com Professional course is challenging and yet very rewarding to students with high career aspirations.

#### **Objectives**

- To integrate college education on the lines of professional education.
- To offer a broad-based course in commerce, which prepares the students for professional courses.
- To arrange academic support for students pursuing professional courses by way of additional coaching in collaboration with professional bodies.

## Bachelor of Commerce [B.Com (Professional with ACCA)]

This program is offered by Bangalore University and by Association of Chartered Certified Accountants, UK. The B.Com syllabus with Finance elective of Bangalore University is integrated with ACCA papers. This means that the students have an opportunity to get ACCA qualification along with their university degree. ACCA is a global body of professional accountants founded in 1904. It is the largest and fastest growing qualification in the world.

B.Com Integrated ( B.Com with ACCA) program at St. Claret College helps the students to get exemption of first six papers of ACCA after the completion of first year. Since the curriculum is already integrated or embedded in the B.Com syllabus, the students can finish ACCA Professional qualification without much additional training.

The student needs to write only 8 external papers out of 14 papers, to be ACCA qualified.

Along with the ACCA Qualification, the students are eligible for getting certificate in IFRS from ACCA. In addition to this, the students have options of getting an Advanced Diploma and B.Sc. in Applied Accounting after the completion of 3rd Semester.

## Bachelor of Commerce [B.Com (Professional with CMA)]

Certified Management Accountant (CMA) is a professional certification course in management, accounting, and finance, given along with B.Com. CMA is a global certification that is recognized by the Institute of Management Accountants (IMA). CMA is a more finance-oriented course, which focuses on giving specialized training to candidates in areas such as auditing, business planning, financial planning, costing analysis, budget preparation, forecasting, company investments, etc. It is a world wide recognized certification. By the time a student completes B.Com, there is possibility to get CMA certification also.

There are 2 computerized exams for qualifying CMA.

### 1. Financial Reporting, Planning, Performance, and Control

### 2. Financial Decision Making

#### Add-on Courses offered as part of B.Com (Regular) & B.Com (Professional with CA & ACCA)

I year	Tally ERP 9
II year	Diploma in Banking & Finance (Certified by Indian Institute of Banking & Finance), SAP
III year	Advanced MS Excel

## Bachelor of Commerce [B.Com (Travel and Tourism Management)]

The Bachelor of Commerce in Travel and Tourism Management (Vocational) is an undergraduate degree in Commerce with specialization in travel, tourism and hospitality management. Along with all the job opportunities the B.Com (regular) course offers, this programme prepares the students for employment at all levels in the travel and tourism industry – travel agencies, hotels, travel consultants and companies. The course also lays strong emphasis on communication, customer relations and service. The program has both theory and practical subjects as part of the syllabus. Teaching includes lectures and other forms of extension such as presentations, discussions, brainstorming, demonstrations and field visits. The program has a strong Institute- Industry Interface through guest talks, seminars, panel discussions, etc.

### Job Prospects

- Corporate World-HR, Marketing,
- PROs in organizations such as Dept. of Tourism Accounting, Exports, NGOs etc.
- Teaching & Training
- Banks and Financial Institutions
- Tour Operators, Guides & Consultants
- Tourism Promotion Office – ITDC
- Travel Agencies
- Hospitality industry – Hotels
- Airline Industry

#### Add-on Courses offered as part of B.Com (Travel & Tourism)

I year	Tally ERP 9
II year	SAP, French
III year	Advanced MS Excel, IATA

## Bachelor of Business Administration [BBA]

BBA programme provides high quality professional education in management to form the young men and women of today to face the present day industrial and business needs. The training programme is aimed at the development of the whole person to equip him/her with all the required managerial skills. ## Bachelor of Business Administration [BBA with Data Science (Business Analytics)]

Data Science is a blend of interdisciplinary fields like statistics, data management and technology which can be applied to almost every domain or industry to extract knowledge from data in various forms. Over the last decade, there has been an enormous explosion in the data, often called as Big Data, generated and retained by various organizations. Data Scientists make sense out of all this Big Data by analysing it and figuring out immediately what can be done with this data for the progress of the organization.

Realizing the growing demand of Data Science and Business Analytics industry in the present world with multifold increase in career opportunities, St. Claret College, in association with IMS Proschool Pvt. Ltd., Bengaluru offers the following program:

- **Diploma in Data Science (Analytics): 275 hours**

### Add-on Courses offered as part of BBA Data Science (Business Analytics)

I year	Soft Skills
II & III years	Coaching for Competitive Exams and Recruitment Exams

## Bachelor of Computer Applications [BCA]

BCA programme is designed to transform the candidates into competent computer professionals, to take on the challenges of globalization and information technology. Training in both software and hardware concepts equip the students with adequate knowledge and practice in computer skills. Students are enriched with knowledge beyond the curriculum through various value added courses, certificate courses, guest lectures, seminars, presentations and industry visits. The curriculum is designed for the holistic development of the students and nurturing them as proficient programmers and IT professionals. All the students need to own laptops for their personal study and projects. Year after year, our BCA students have been consistently securing top ranks at the Bangalore University Convocation.

### Add-on Courses offered as part of Bachelor of Computer Applications (BCA)

I year	MongoDB
II year	Software Testing
III year	PHP, MySQL

## BCA with Data Science (Analytics)

Data Science is a blend of interdisciplinary fields like statistics, data management and technology which can be applied to almost every domain or industry to extract knowledge from data in various forms. Over the last decade, there has been an enormous explosion in the data, often called as Big Data, generated and retained by various organizations. Data Scientists make sense out of all this Big Data by analyzing it and figure out immediately what can be done with it for the progress of the organization. A Data Scientist knows how to drive the value of a large amount of data that already exists inside an organization by defining goals, by empowering management and officers to make better decisions, by understanding and refining target audiences, by identifying opportunities, by recruiting right talent for the organization and many more. Data Scientist is one of the fastest-growing and highest paid jobs which cannot be affected by recession.

Realizing the growing demand of Data Science and Analytics industry in the present world with multifold increase in career opportunities, Department of Computer Science at St. Claret College, Bengaluru offers a three-year programme (275 hours) along with BCA, titled as Post Graduate Diploma in Data Science (PGD Data Science), in association with IMS Proschool, Pvt. Ltd., Bengaluru. Businesses and Government require Data Scientists to generate insights by uncovering patterns and by decoding the data generated by digital transactions and interactions. Be it Finance, Marketing or Technology Professionals, an authorized certification in Data Science and Analytics programme can help its aspirants, to keep up with the changes in the industry with better career prospects.

### Add-on Courses offered as part of BCA with Data Science (Analytics)

I year	MongoDB
II year	Software Testing
III year	PHP, MySQL

## B. Sc. in Mathematics, Statistics and Economics

By tightly integrating the study of Mathematics, Economics and Statistics, this programme meets the increasing demand from industry and public bodies for informed and talented graduates who can apply skill and imagination to real world problems. The graduates of the course emerge with excellent, professional training in Mathematics, Economics and Statistics combined with advanced technical and quantitative skills that can be readily applied to a host of social science concepts and problems.

## B. Sc. in Mathematics, Statistics and Computer Science

B. Sc (Mathematics, Statistics and Computer Science) is a three year degree program which combines computer knowledge with mathematics & statistics. All these subject areas give the student a wide area of expertise in Mathematical Sciences along with Statistics. Mathematics and Statistics work as the base on which the computational architecture is built up. Mathematics concentrates on mathematical methods and techniques and their applications in modern day life. Statistics focuses on the concept of developing statistical models and techniques to analyse data.

Once the student completes this course he/she can pursue post graduate courses like MCA, M.Sc. IT, Actuarial Sciences, MBA or M. Statistics from Indian Institute of Statistics. Students trained in Maths, Statistics & Computer Science are also favourites of software, insurance, market research, securities and banking companies. They can also take up jobs as Programmers, Web Developers or Database Administrators within the IT Industry.

## B. Sc. in Psychology, Journalism and Computer Science

Psychology introduces the students to various psychological processes with a view to developing a holistic outlook towards life and prepares them for a great career ahead. This programme offers papers from different disciplines of psychology along with laboratory and field experience, elementary statistics and research. The major objective of the course is to impart core knowledge in primary disciplines of psychology and its relevance in the current context.

The Journalism course aims at moulding the students for a career in Journalism, both print and broadcast, and in allied fields like Advertising, Films, and Public Relations. The course introduces various facets of the profession of Journalism to the students with theoretical knowledge and on-the-job training.

In today's world, knowledge of computer science and a fair understanding of it has become a priority. Undergraduate study in computer science helps a student with theoretical foundations of information and computation, taking a scientific and practical approach to computation and its applications. Along with it, the student also becomes proficient in programming languages, computer architecture, concepts of operating system analysis and design, data structures, numerical methods, concept of database management systems and business data processing.

### Add-on Courses offered as part of Bachelor of Science

I year	Data Science, Scilab
II year	Data Science, R-Software, Maxima
III year	Data Science, Python, SAS

**Bachelor of Arts [BA] (Journalism, Psychology & English) [JPE]**

**Bachelor of Arts [BA] (Economics, Psychology & English) [EPE]**

**Bachelor of Arts [BA] (Pol. Science, Journalism & Sociology) [PJS]**

**Bachelor of Arts [BA] (Pol. Science, Sociology & Economics) [PSE]**

**Bachelor of Arts [BA] (Pol. Science, Economics & Computer Science) [PSC]**

- The Study of Economics is concerned with the efficient use of scarce resources to maximize the welfare of the people. A sound knowledge of economic theories and concepts is very important for prescribing suitable policy initiatives to tackle macro-economic problems like poverty, unemployment, regional imbalance, inequitable distribution of income and wealth, turbulence in the commodity, money and currency markets, etc.
- The three-year English Literature course, also known as Optional English, offers students an opportunity to understand the literary, cultural and social dynamism of England's varied past, European and Non-European writing and integrates Indian writing in English facilitating a transcendence of linguistic nativism.
- The Journalism course aims at moulding the students for a career in Journalism, both print and broadcast, and in allied fields like Advertising, Films, and Public Relations. The course introduces various facets of the profession of Journalism to the students with theoretical knowledge and on-the-job training.
- Political Science graduates have found successful careers in all of the following areas: Law, Government Jobs, Political Consultancy, Interest Groups and Associations, International Organizations, Business, and Education.
- Psychology introduces the students to various psychological processes with a view to developing a holistic outlook towards life and prepares them for a great career ahead. The programme offers papers from different disciplines of psychology along with laboratory and field experience, elementary statistics and research. The major objective of the course is to impart core knowledge in primary disciplines of psychology and its relevance in the current context.
- Graduates in Sociology program find employment opportunities in fields as diverse as business management, consulting, corporate administration, insurance, medical administration, politics, realty, religious life, social work, teaching, and higher education.
- In today's world, knowledge of computer science and a fair understanding of it has become a priority. Undergraduate study in computer science helps a student with theoretical foundations of information and computation, taking a scientific and practical approach to computation and its applications. Along with it, the student also becomes proficient in programming languages, computer architecture, concepts of operating system analysis and design, data structures, numerical methods, concept of database management systems and business data processing.

#### **Add-on Courses offered as part of Bachelor of Arts**

<b>I year</b>	<b>Diploma in Advanced English Speaking</b>
<b>II year</b>	<b>Diploma in Video Editing</b>
<b>III year</b>	<b>Diploma in Soft Skills</b>

## Postgraduate Courses

### Master of Commerce [M.Com]

Master of Commerce (M.Com) is a postgraduate Master's Degree focusing on commerce, accounting, management, economics and allied subjects. The Master of Commerce at SCC requires two years of full-time study, after which, the students get employed in fields such as financial services, marketing, project management, general management and business consulting. Alternately, they can pursue a career in the field of Commerce education in universities and colleges. An M.Com degree also qualifies the students to enter the field of commerce-related research areas by pursuing M.Phil and/or Ph.D in Commerce. SCC, with its decade of excellence in imparting Commerce education, provides the perfect ambience for pursuing dreams of making it big in the field of Commerce. Welcome aboard, and give wings to your dreams.

## Master of Social Work [MSW]

Master of Social Work (MSW) course is offered at St. Claret College as a two-year full-time Postgraduate Master's Degree, with the vision of providing excellent education for the realization of vibrant social services and responsibilities in students. Students are nurtured to practice with specialized skills at precise intervention levels, and are comprehensively instructed in various disciplines of social sciences and social welfare policies.

The Ultimate goal of the MSW program is to prepare students for professional practice with vulnerable children, youth, families, social welfare organizations, trade unions, rehabilitation centers, prisons, community development projects, etc..

St. Claret College, inspired by social commitment, is one of the premier institutions in Bengaluru to offer an MSW degree to accomplish the vision of future social workers.

### Objectives

To provide opportunity and professional training to those desirous of taking up a career as qualified Social Workers.

To impart theoretical knowledge and to provide practical learning opportunities.

To sensitize students to involve themselves in the cause of poor, subaltern, underprivileged and disadvantaged sections of the society.

To promote among professional social workers a sense of devotion and dedication to strive for equity, social justice, social harmony and peace.

  - The student gets at least the minimum required pass marks in the internal examinations conducted by the College and the Principal is satisfied with the character and conduct of the student.
2. Students are expected to abide by all the rules and regulations of the college.
3. Fees, once paid, will be refunded only according to the UGC guidelines.

## Diploma Courses

### Post Graduate Diploma in Psychological Counseling

St. Claret College offers Post Graduate Diploma in Psychological Counseling aimed to build professionals in this imperative field, that is gaining greater salience in the present times from social and employment perspectives. In today's dynamic world, transformation is fast and often unpredictable. Incidence of mental and physical ill health is rising; it is affecting people from all walks of life. There are no training programs available for professionals to learn, apply and practice the skills required to engage with people's problems. However, though the need for counselors is being increasingly felt, there is a scarcity of professional support. This course PG Diploma in Counselling will facilitate students to learn scientifically grounded and empirically supported interventions, equipping them for both wage-employment and self-employment, and thus filling the existing lacuna.

#### Eligibility:

A graduate of Bangalore University or any other recognized university in India having studied in a regular course, in any of the following optional subjects Viz., Psychology/ Sociology/ Social Work/Home Science/ Human Resource Development (Management)., or B.Ed., or a graduate in any discipline of Rehabilitation Science – A Doctor (from any medical faculty such as Allopathy/Ayurveda/Unani/Homeopathy), paramedical rehabilitation: Nurse, physiotherapist, Occupational therapist, speech therapist, audiologist with 50% marks in aggregate (including languages).

### Post Graduate Diploma in Yoga Studies

The aim of this course is to train and prepare deserving candidates in the esoteric aspects of Yoga, which deals with the problems of integration of personality as a first step to prepare oneself for the higher esoteric practices. Students will also be grounded fairly in the various academic aspects of the subject so that they may find themselves well equipped, if they were to go out into the world after the course to undertake teaching in Yoga.

#### Medical Test:

Candidates should be medically fit and sound. Selection is subject to clearing the medical examination conducted by St. Claret College.

#### Eligibility:

A graduate of Bangalore University or any other recognized university. Preference will be given to those who have completed certificate course in Yoga studies.

### Diploma in Bharatanatyam

To lead a person to God -Realization through self- Realization and to promote good values for social awareness by means of Bharathanatyam to create a world of peace and Harmony.

This one-year course which imparts practical and theoretical training in this particular dance form with a syllabus that makes the student ready to face the Art world with improved Knowledge to question the technicalities of the Dance form and become aware of it. The Department focuses on modern trends and innovation in the field of performing Arts. Some important outreach activities of the department are Dance Drama by the students, Music and dance classroom concerts, thematic presentation by students, presentation of Ballet, play production in connection with "World Theatre Day" etc. These Programmes are open to the general public and provide useful platform for students to unfurl their talent.

# Placement & Career Guidance Cell

SCC's Placement and Career Guidance Cell (PCGC) assists the students to explore employment opportunities and new career avenues. A full time officer supervises the training and placement programs on the campus. PCGC also helps students in career planning through counseling and career guidance. The Cell helps in the professional development of the students by training them towards employability skills such as resume-writing, group discussion and interview skills which in turn helps the students to move into their career of choice. A good portion of the placement training is carried out by experts from industries and corporate world.
