MESSAGE OF THE FOUNDER CHANCELLOR

Education is an instrument of empowerment to equip our people to help them become economically independent and self-sustaining.

I have great pleasure in introducing you to our Jaypee Business School (JBS). The School reflects our vision to become a Centre of Excellence comparable to the best in the world for producing professionals with leadership quality in technology, innovation, entrepreneurship and management.

JBS is different from other business schools in several ways. One of the unique features is the concept of Social Internship, undertaken by the students, which sensitizes them to the social issues. The School offers opportunities to obtain major and minor specializations.

For realizing the vision, we stand committed to provide outstanding guidance, leadership, faculty, physical infrastructure and alliances with leading business schools in the world.

I invite you to experience a different business school environment and help us make a difference to our society.

JAIPRAKASH SEWA SANSTHAN

(a not for profit trust)

The Jaypee Group has always believed in “growth with a humane face” and to fulfil its obligations it has set up Jaiprakash Sewa Sansthan (JSS), a “not-for-profit” trust which primarily serves the objectives of socio-economic development, reducing the pain and distress in society.

For over five decades now, Jaypee Group has supported the socio-economic development of the local environment in which it operates and ensures that the economically and educationally challenged strata around the work surroundings are also benefitted from the Group’s growth by providing education, medical and other facilities for local development. The Group also undertakes Comprehensive Rural Development Programme (CRDP) which covers a wide range of projects such as free medical camps, health check-ups for village school children, literacy campaigns, safe drinking water supply, creating huge water reservoirs in different villages, self employment which includes tailoring classes for women and animal husbandry.

JSS has translated its social responsibility into reality by building schools and training institutes that cater to the need for providing quality education to the rural masses. The Trust also helps in times of natural catastrophe to reach the affected communities in distress.

JIIT was established by the Jaiprakash Sewa Sansthan in 2001 to fulfill its goal towards providing quality higher education to the society.

JAYPEE BUSINESS SCHOOL

Jaypee Business School offers a two year full time Master of Business Administration program and a three year full time Bachelor of Business Administration program.

The MBA and BBA programs of JBS train students to successfully manage, lead, organize and adapt in the changing business scenario. The programs equip the students with practical skills as well as theoretical knowledge. Students from all streams, including science, commerce, humanities etc. are eligible for admissions. JBS equips its students with an innovative mindset and also with necessary skills and knowledge to make informed decisions.

Jaypee Business School ensures that syllabus is contemporary and does not remain aligned to previously existing job markets. The curriculum focuses on competence that better prepares the students for long term learning and shifts in society and work. The eco system of JBS focuses on development of competences that will provide the students the flexibility to move over new areas/ jobs as the need arises. Technology and its use play a big role in the education system and the instructional process.

As JBS begins to prepare for post-pandemic life, it has focused on chasing progress with more urgency. At JBS we focus on 'learning how to learn' which is essentially an attempt to continuously reskill the students.

The MBA program prepares the students for the following changes in the work environment :

- Online learning through Google Meet and evaluation through Mettl platform.
- Change in the nature of work due to technological innovation
- Rising demand for new competencies, for eg. Digital skills, Analytical skills
- Changing employer expectations
- Changing labour demographics
- Managing diversity
- Regulatory changes in the business environment.

JBS follows a student centric instruction model that focuses on measuring student performance through outcomes. Focus of classroom delivery is sought to be achieved by embedding identified learning outcomes in each

course. The Outcome Based Education (OBE) model measures the progress on three parameters:

- (i) Program Educational Objectives (PEOs) – statements that describe the career and professional accomplishments that the graduates are expected to achieve after 4-5 years of graduation.
- (ii) Program Outcomes (POs) – statements that describe what students are expected to know and able to do by the time of graduation
- (iii) Course Outcomes (COs) – statements which describe the measurable parameters which evaluate each student's performance for each course that he/she studies.

After adopting OBE, JBS has structured the curriculum, assessment and reporting practices in education to reflect the achievement of higher order learning.

Information Technology Integration

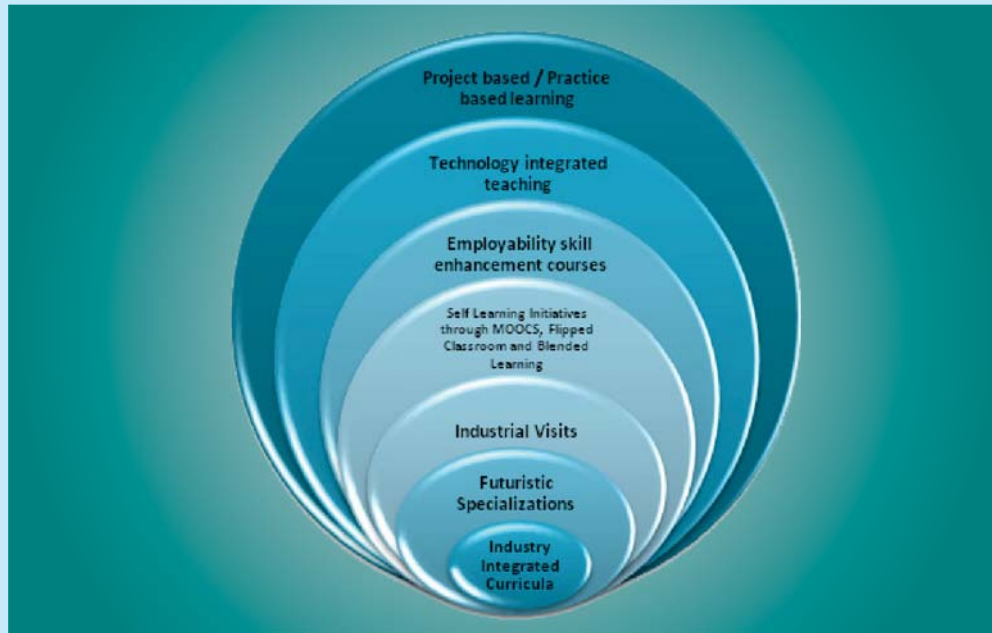

At JBS, faculty use technology to facilitate content delivery in a number of courses to enhance the students learning experience. Information Technology is integrated by the following methods:

- Online marketing tools and social media
- Use of Massive Open Online Courses (MOOCs), Webinars
- You Tube Videos
- SPSS
- AMOS
- SAP
- Open Source Analytics software such as R, Python, Tableau, SQL, Industry database like ACE Equity
- Language Labs

Case Study Methodology: Learning by doing

At JBS, the use of the case study approach makes the learning more meaningful and application oriented. The students are trained to explore new ways to identify a problem and consider possible solutions.

USP OF JBS

PROJECT BASED/PRACTICE BASED LEARNING

JBS is acclaimed for the quality and openness to multidisciplinary research. It promotes and provides support to the students and faculty for inter-disciplinary and collaborative projects. JBS is dedicated towards conducting research that is recognized by Scopus Indexed, International and National journals. JBS encourages the assimilation of teaching and research by involving its management students in multi disciplinary projects.

MAJOR AND MINOR SPECIALISATION

Students can opt for a major specialisation across the five areas of Marketing, Finance, Human Resource Management, Operations Management, Information

Technology and Business Analytics. In addition to this, they can choose a minor specialisation by choosing from a wide range of electives under the choice based credit system. Courses both core and electives in the areas of Business Analytics, Artificial Intelligence in Business, Internet of Things Applications, Fraud Analytics and Human Resource Metrics Analytics address the requirements of the Corporate World.

CORPORATE INTERNSHIP

The highlights of the 8 week corporate internship program are:

- It allows students to practice the skill and theoretical knowledge they acquired in the classroom.
- The students acquire relevant work experience which the employers seek in management graduates who otherwise do not have experience of the professional world. The students are thereby able to enhance their resumes through relevant experience.
- The students get opportunities to network with corporate executives which helps to enhance their professional career.

SOCIAL INTERNSHIP / COMMUNITY INITIATIVES

The students at JBS are encouraged to engage with neighborhood communities with the aim of improving the quality of education, health and sanitation and sensitizing about gender issues. The students are actively involved with NSS activities. In addition, JBS offers a 2 credit course on Social Entrepreneurship which is taught by Prof. Patrick McNamara from University of Nebraska, USA.

A unique component of the MBA programs offered at JBS is a mandatory 4 week Social Internship with an NGO. The benefits of the social internships are:

- These social internships are important as the students get an opportunity to contribute to the betterment of society. This helps in character building as it sensitises the students about social problems and encourages them to be part of the solution to societal issues of underprivileged sections of society.

- Qualities of empathy, humility, patience and optimism, respect for an individual's dignity and professional ethics are fostered in the students.
- The students gain a firsthand experience regarding the use of culturally sensitive practices with diverse populations.
- The social internship develops in the students awareness about government policies and practices.

EMPHASIS ON SELF LEARNING INITIATIVES THROUGH MOOCs, FLIPPED CLASSROOMS AND BLENDED LEARNING

Massive Open Online Courses: At JBS, the use of the Massive Open Online Courses (MOOCs) offered by SWAYAM/ NPTEL is actively encouraged for the students. The main benefits of MOOCs are:

- (i) With its open access, the user has more knowledge available.
- (ii) Access to courses offered by professors from top schools.
- (iii) The learner's performance can be monitored easily.

BLENDED LEARNING

The blended learning pedagogy used at JBS combines both formal (traditional classroom) and non-formal (online courses) methods. Blended learning integrates technology to boost learning.

The Learning Management System at JBS facilitates the blended learning process. The students can prepare from the downloaded material before the commencement of the class as the instructors send them video links and other online reading materials prior to a scheduled class.

FLIPPED CLASSROOM

At JBS, the flipped classroom instructional strategy reverses the traditional learning environment by delivering the instructional content (often online) outside the classroom. Students gain necessary knowledge before the class and subsequently the instructors actively and interactively clarify and guide students in the application of the concepts.

EMPLOYABILITY SKILL ENHANCEMENT COURSES

1. The management education imparted at JBS equips the students to be adaptable, flexible entrepreneurial and adept at the use of technology applications for business.

2. Critical lifelong learning skills are imparted through courses on
- Effective Self Management
 - Employability Skills such as communication, self management, problem solving , team work, analytical and technical skills.

INDUSTRIAL VISITS

Industrial visits to reputed organisations are organised for students of BBA/ MBA. These visits enable students to observe how the theoretical concepts are applied in work settings.

FACULTY MENTORS

Each student is assigned a faculty mentor who facilitates his/her personal and professional development throughout the program.

INDUSTRY MENTORS

Each student is also assigned a mentor from the corporate/ industry. The industry mentorship program provides the students with opportunity to learn from experienced professionals. This helps the students to further develop their professional skills and generates increased awareness of the skill sets and personality attributes required by the corporate world

TEACHING METHODOLOGY

To prepare students for the new age digital economy JBS regularly re-examines the methods used to impart education. COVID Pandemic has also added another challenge to the teaching learning process. Faculty members at JBS were able to make a smooth transition from off-line to on-line teaching.

Many new initiatives were taken to meet students' expectations for multiple modes of engagement. To enhance the students experiential learning the following pedagogy is also used:

- Google Meet used to deliver lectures and online assignments / project.
- E-study material, live classes and video recording of classes.
- Mettl platform for conduct of online proctored examination and evaluation.
- Webinars by industry experts on topical management issues.
- MOOCs and flipped classrooms to encourage student centric self-learning.
- Increased use of technology in the teaching-learning process.
- Business case studies including Harvard Business Cases.
- Problem based learning.
- Multidisciplinary projects.
- Blended learning.
- Experiential learning.
- Research based learning.
- Role plays/ simulations.

EXAMINATION AND EVALUATION

The evaluation comprises of three examination and teachers' assessment. These examinations are conducted as T1, T2 and end term examinations with a weightage of 75% for all courses. The teachers' assessment component includes assignments, quizzes, projects, case presentation etc. carries a weightage of 25%. During the pandemic the institute has conducted on-line tests. These proctored tests are conducted on Google platform for T1 and T2 tests, and Mercer-Mettl platform for end semester examination of all batches.

SMART CLASSROOMS

The lecture theatres are technologically enhanced with specialised software, audience response technology and audio/visual facilities. As a result of this technology enhancement, the class environment becomes interactive.

ACADEMIC PROGRAMS AT JBS

Bachelors of Business Administration (BBA) Program

The 3 year full time BBA curriculum is imaginative and flexible and is comprised of creative combinations of disciplines of study. Innovative and stimulating pedagogical practices stimulate the students' learning experience. The BBA program aims at developing in the students a set of broad based competencies, an understanding of the social and human context and instill in them strong ethical values.

The broad goal of the BBA program is to provide the students multi-disciplinary education that provides learning in multiple disciplines along with in depth knowledge of the management discipline. In this way the students are prepared to deal with complexity, diversity and change. Value added courses on communication, analytical and problem solving skills and theatre equip the students with the ability to apply knowledge and skills in the real world settings.

Successful graduates of this course can opt for a range of jobs from sectors like finance, marketing, sales, management, government, HR, data analytics, health and education

The curriculum of this 3 year undergraduate BBA program is designed with the options of specialization in Finance, marketing, HR, IT applications in Management and Data Analytics. The curriculum is spread over six semesters with each semester having sixteen weeks that includes teaching and evaluation. Last two semesters of the programs makes provision for choice of discipline specific electives for specialization.

Two important stages of learning apart from acquiring knowledge is practicing and performing and it is these two aspects that JBS focuses on. Learning by doing is the norm wherein the students apply theoretical knowledge in real world to generate tangible outcomes

Salient Features of the BBA Program

- **The ability to read the country's economy -**
 - While economics is routinely treated as a subject, at JBS it is considered a skill to equip the students with ability to read and interpret the economic state of the nation and the world.
- **An entrepreneurial approach -**
 - An entrepreneurial mindset that is imbibed at JBS equips the students with the skill of evaluating an idea and the importance of hard work both of which are highly valued in the business world.
- **Communication and networking skills -**
 - Emphasis on communication skills both written and verbal ensure that students gain confidence in public speaking and protocols of digital and social media communication. Events and guest lectures from industry professionals improve networking skills of students.
- **Analytical and problem solving skills -**
 - The courses on Business Analytics teach students to analyse data which is critical to decision making and problem solving. Real world scenario planning and case studies enable students to weigh situations and consider probable outcomes.
- **Use of IT tools in the teaching of all courses –**
 - Technology integrated teaching in all courses enhances the student learning experience.
- **Skill enhancement courses -**
 - A number of skill enhancement courses such as Introduction to Spreadsheets, Computing Tools and Programming, and Data Insights using Dashboards, ensure that the students are equipped with the necessary skill sets required to succeed in the digitised era.
- **Social consciousness and awareness of ethical issues in business –**
 - The value added courses on India's Diversity and Business, Social Media and Society, Political Process in India, and Gender Studies and a field project on "Community Initiatives" generate civic consciousness, care for society and an appreciation of ethical issues.
- **Massive Open Online Course (MOOC) -**
 - Students are encouraged to register for MOOC which are interactive courses and inculcate in students the mindset of learning for life.

- **Integrated Research Project –**

- An interdisciplinary research project encourages the students to collaborate in teams of students from different disciplines.

Master of Business Administration (MBA) Program

The MBA Curriculum at JBS is designed to pave the way for a successful career in the business/corporate world and sow the seeds of entrepreneurship. The MBA curriculum at JBS offers both rigour and flexibility. The core curriculum is cross functional wherein fundamental business courses on Marketing, Business Analytics, Economics, Finance and Accounting, Statistics, Human Resource Management, Business Communications, Information Technology and Operations are offered.

In the second year, the students can choose from a wide range of electives to suit their interest and aptitude. The students opt for one area of major specialisation and one area of minor specialisation. The curriculum is constantly evolving with inputs from faculty members, industry professionals, alumni, students and academic professionals from reputed organisations.

The MBA program at JBS equips students to think logically and work in diverse teams and enables them to integrate knowledge across functional areas. The program aims to build socially sensitive managers through its four week mandatory social internship in an NGO.

The eight week corporate internship at the end of the first year enables the students to gain first hand experience of working in the real world.

To ensure that our management graduates are not only adept at using technology for making decisions but are also able to understand how to advance their knowledge across multiple technologies, JBS has introduced Technology in Management Courses in the core areas. Courses on Internet of Things, Artificial Intelligence in Business, Integration of Information Systems in Business are part of the core curriculum.

In addition, through courses such as Data Visualisation, Analytical and Technical Skills (Lab) and Data Analytics for Business Decisions, JBS ensures that students learn to design and implement database management systems.

JBS offers Major and Minor specialisations across the following domains*

• Marketing Management	• Information Technology & Business Analytics
• Financial Management	• Financial Service
• Operations Management	• Digital Marketing
• Human Resource Management	• International Business

* The courses offered may change as per the requirements of the industry.

Major and minor specialization will be offered subject to minimum number of students opting for specializations/courses. For details of courses offered in BBA and MBA, please visit our website www.jbs.ac.in, www.jiit.ac.in.

Note: An elective will be run if a minimum of 10% of students opt for the course.

Salient Features of the MBA Program

- The MBA program at JBS is focussed on developing in the students flexible rather than industry specific skills.
- Regular review and upskilling of curriculum ensures that students are equipped with skills needed not only now but also in future.
- Technology integrated teaching learning process makes the learning experience for the students more meaningful.
- A problem solving mindset and ability to search for innovative solutions is developed by the use of case studies in all courses.
- Emphasis on development of interpersonal skills, social sensitivity, emotional intelligence, persuasion and negotiation skills.
- (Use of virtual learning and evaluation technology improves academic delivery and ensures flexibility.

Doctoral Program in Management (Ph.D.)

JBS offers full time and part time Ph.D. program in management. Currently research scholars are pursuing their doctoral research work in the areas of marketing, finance, human resource, operations and general management. The scholars are expected to successfully complete a stipulated course work and to carry out research in the chosen field. The award of Ph.D. degree is in recognition of high academic achievements, independent research, creative and productive inquiry and application of knowledge to the solution of problems in business and management. Full time research scholars are provided with assistantship. Each Ph.D. scholar is required to publish a minimum of three research papers in SCI/ SCIE /SSCE/SCOPUS indexed journals for the fulfilment of requirements before submission of the dissertation for the award of Ph.D. degree.

LEARNING RESOURCE CENTRE (LRC)

The Learning Resource Centre (LRC) is well-stocked with Indian and International books and journals covering all areas of Business and Management and Engineering & Technology to meet the needs of students, faculty and research scholars. The LRC is continuously augmented with the latest books and journals to help the students

keep themselves updated with current and contemporary issues.

LRC has approximately 80000 books with more than 27000 titles

journals and apx. 333500 online journals (National and International).

JIIT has three libraries to cater for the needs of students and faculty.

1. Central Library : Located at Sector 62 campus, having 19221 Titles and 54788 volumes

2. Departmental Library at Sector 128 : having 3360 titles and 16257 volumes.

3. Departmental Library for JBS having 4528 titles and 8604 volumes

All students have access to all the three libraries

The salient features of the libraries are:

- Fully integrated with the latest barcode technology and international standard open source library management software KOHA
- Accessibility to bibliographic details of LRC resources through OPAC anywhere, thus providing 24 hours access.
- Latest collection of textbooks as well as reference books (more than one lakh) national and international peer reviewed journals, magazines and electronic resources.

TRAINING & PLACEMENT

The Training and Placement Cell of JBS is operated by professionals with work experience in the industry and academics. The T&P cell has modern infrastructure facilities and provides support such as arrangement for pre-placement talks, written tests, interviews and group discussions to the visiting companies.

JBS has an all inclusive placement process which commences in the first semester when the T&P cell arranges for pre-placement training sessions by both internal and external experts to ensure that when the students join the corporate world, they hit the ground running. The soft skills employability training programs conducted by experts make the transition from campus to corporate extremely smooth.

A team of faculty and students assist the T&P officials for preparing the job aspirants and disseminating information about the companies visiting the campus.

The faith imposed by the Alumni in JBS strengthens the institute's resolve to move ahead towards providing quality education to its students.

Alumni Speak

I am Apoorv Sharma, currently working as Associate Manager for YouTube Growth and Management at Grade Stacks Pvt. Ltd (GradeUp). I am proud and privileged that I have done my MBA in Marketing and Business Analytics from such a prestigious college i.e. Jaypee Business School.

In my two-year beautiful journey with Jaypee Business School I learnt the most from my well experienced faculty and with the best peers and colleagues surrounding me, who always challenged me to be positive and always be innovative in my work.

I came to JBS with an expectation of getting just an MBA degree but left with so much of knowledge, confidence, experience and much more.

– **Apoorv Sharma**, Batch 2018-2020

I am JyotiYadav , currently working as Functional Consultant at Crowe Horwath. I feel immensely proud and privileged that I did my post graduation with Operations as major while Marketing as minor from Jaypee Business School. Here I learnt from the greatest in the field and with the best and the brightest surrounding me, who always challenged me to think about new topics or to have all round perception. They prepared me to face the real world and strive for excellence no matter what.

– **Jyoti Yadav**, Batch 2018-2020

I am currently working as consultant for US based company Crowe Howrat. I graduated from Jaypee Business School in year 2018-20.

My faculty mentors played a very important role in shaping my personality.

I am thankful to my mentors for teaching me the corporate culture .

– **Priyanka Shahi**, Batch 2018-2020

The two year MBA program at JBS has not only imparted professional skills and confidence in me but also I had a lifetime experience at JBS. The professors here are true mentors that any student could wish for.

“Encouraging us to be more independent and the freedom to think and act on our own . This, I would say, is the best thing I felt about JBS. I have seen people adopting best practices and transforming into better management professionals.”

– **Shreya Saxena**, MBA 2015-17 Senior Executive Infoedge

“Domain nourishment and instilling of moral values are the two foremost fundamentals of this institute”. This program transformed me into an excellent Sales Management Professional. I know experience speaks more but the core values imbibed in me here helps a lot to cross the difficult roads.”

– **Pawan Kaushik**, MBA batch 2015 -17, Area Sales Head, Mother Dairy Fruit and Vegetable Pvt. Ltd.

“JBS provides an astonishing platform for overall growth and development. The campus has excellent infrastructure with a perfect blend of nature and student-friendly amenities. The faculty members always encourage us to learn through projects, latest industry trends, leadership exercises and proactive thinking. It’s been a privilege to be a part of this esteemed University”

– **Esha Singh**, MBA batch 2017 -19 Associate Risk Analyst - EY

“JBS is one of the most remarkable and memorable journeys of my life. JBS taught me success, awareness, action, attraction, accomplishment and authority. It has taught me all these traits and values and groomed me professionally”

– **Shushank Arora**, MBA batch 2013-15, Wipro Associate Consultant

“The faculty has always been supportive and inspiring guides, and also challenging taskmasters. The peer group at JBS was intellectually stimulating, and with some, I have made friends for life.”

– **Kumar Nishant**, Batch, MBA 2008-10, Research Officer, BBC World Service Trust, New Delhi

“The only place in India where education is not business. Talent is nurtured by the great professors, who had devoted their lives to the Corporate world and now in a Self-actualization mode to help Young India.”

– **Himanshu Jaisinghania**, MBA: 2008-10, Area Manager, Honda Siel Car India Ltd., Chennai

“JBS has nurtured me and made me what I am today. JBS made me more disciplined and helped me to grow not only professionally but holistically...as a good human being.”

– **Mansi Pandey**, MBA 2009-11. Research Analyst,
Grail Research, Gurgaon)

“My experience with JBS was extremely wonderful, especially in the marketing area. Practical examples and cases, which were discussed in the class, are helping me a lot in the Industry.”

– **Saurabh Swami**, MBA 2008-10: Samsung India Ltd., Lucknow

“JBS has excellent campus and faculty. Studying here after working for some time helped improve my capability and skill.”

– **Radhika Rohatgi**, MBA 2007-09, Headstrong, London)

“JBS certainly helps you expand your knowledge horizon and I would always be grateful to JBS for giving me a multi-dimensional learning by providing the apt mix of academics, Industry exposure, attitude and leadership’.

– **Anupam Vadehra**, Batch: MBA 2007-09, Manager,
PTC India Limited, New Delhi

Life at JBS was a wonderful journey to be cherished. It is the best example of quality education and personality building. It trained students to be corporate ready professionals/entrepreneurs. It’s a milestone in the journey of my life which I would cherish till the very end. I am glad to share that I still utilize values and concepts gained here in my business venture and never hesitate to take suggestions from the experienced faculty.”

– **Bhavuk Garg**, MBA 2014-16, Entrepreneur

I am thankful to the entire JBS faculty for teaching us business strategies and concepts, in theory and in absoluteness. All of them made a point that each of us surely learns to use our skills in reality. “

– **Kanika, Batch**, DDM 2005-10, Research Analyst,
Gerson Lehrman Group

I started my Journey with BTech CS at Noida branch, got selected for one of the first dual degree BTech + MBA batch. My five years at Jaypee University were incredible and a memory to value for lifetime. It was loaded with learning and preparing oneself. It allowed me a chance to meet distinctive sorts of individuals and educated numerous things. I am grateful to all the resources, coaches and placement cell. Overall it was an incredible encounter and lifetime memory which I am still carrying with my mail id: JIIT.RAHUL.

– **Rahul Yadav**, Supply Chain Excellence Head @ Britannia Industries Limited
Linkedin profile: <https://www.linkedin.com/in/rahul-yadav-92a36b46/>
Batch 2004-09 (BTech+MBA)

An epitome institute which not only provided a complete change to your career but also provided you with lots of valuable life experience with best memories. Wish to live those moments again! If I could ever get an opportunity to study further without any doubt JBS would be the first and only choice. Thanks for shaping our life, career and providing us with best memories in life. Kudos.

– **Swati Karakoti**, Senior Associate Moody’s, Batch 2013-15

This is a glorious moment for me when I am writing few words about Jaypee Business School. JBS has provided me a wonderful environment and opportunity to learn and grow myself academically as well as to secure a place in the corporate world. The faculty always motivated me to empower myself and were very friendly, enthusiastic, ready to help, encouraging, and supportive. JBS has moulded me to become a future executive and I’m sure it’s really a boon to all MBA aspirants.

– **Nikhil Sharma**, Human Resources Jaypee Greens Golf and Spa Resort,
Greater Noida, Batch 2015-17

I am Nishtha Chaturvedi, a proud alumnus of JBS, Noida and now a project management professional working in HCL Technologies Ltd. Jaypee Business School is an institution which not only made me shine with my true worth but also

taught how to ignite that everlasting spark. It is and will always be a privilege to express my gratitude towards the JBS family. The institute has played a vital role in enlightening me with a wide spectrum of knowledge, management concepts, practical insights, skillset, values, and personality development. Throughout my journey, the faculty have been immensely supportive. The knowledge enriching sessions, digital learning and mentorship followed by doubt clearing sessions helped me to deliver remarkable performance in my academics, presentations and placement drives.

– **Nishtha Chaturvedi**, Project management professional in HCL Technologies Ltd. Batch 2018-2020
